

NODAK ELECTRIC COOPERATIVE, INC.
Grand Forks, North Dakota

Policy Bulletin No. **501.5**

RATES AND REQUIREMENTS

Nodak-Owned Outdoor Lighting Rate:

The Cooperative shall install, own, provide power, and service the lights included in this rate. The installation shall include wood poles, and it is assumed that an existing transformer can be used to provide secondary service. If a separate transformer is required and/or decorative lighting is requested by the member, the Cooperative may require an aid to construction to cover the added expense or negotiate a special rate to include the added costs incurred by the Cooperative.

Street Lighting:

\$3.50 per month per account. This charge will be added to all other charges for service to cover the cost of street lighting in those areas where a majority of the members request street lighting under the terms and conditions of Policy Bulletin No. 405.

Rental Lighting:

\$8.50/Mo. for each 40-watt LED
\$12.00/Mo. for each 73-watt LED
\$18.00/Mo. for each 100-watt LED
